

Parallel Planning Process

Save Time,
Money,
and Stress

We plan for every production contingency behind the scenes so you can easily switch from Live to Hybrid or Virtual at the last minute?

You plan for one event;
We plan for all three!
Live, Hybrid, & Virtual

We work with our clients to simultaneously plan the strategy, technology, and execution for every possible scenario.

imageav.com

How do we do it?

We developed proprietary technology that let's us seamlessly switch meeting formats.

Our Online Presenter Portal is a virtual speaker ready room, allowing content to be distributed in any live or virtual setting.

eAttend Global is our fully immersive virtual platform. Use our platform or the vendor of your choice - we are happy to work with them!

What are the benefits?

Save Time!

No need to start the planning process over - we've already got that covered!

Save Money!

Working with one technology vendor streamlines budgets, planning, and communications

Less Stress

Relax...planning and guiding your through every scenario is our job. It's what we do!

Increase ROI

Quickly move content to On Demand to give you added ROI for your organization
